

Mission

Saint Sebastian School emphasizes educating the whole person. We attempt to do this not only by teaching Gospel values, but also by showing our students how religion is incorporated into their daily lives.

Consequently, we endeavor to provide the academic atmosphere, the human association, and a discipline vital to the students' spiritual, intellectual, personal, social, and physical development.

Service

At Saint Sebastian School we strive to instill a sense of pride and service in the community. Some examples of the services performed for the community are bake sale fundraisers, food and clothing drives, crafts for the infirm and elderly, and community improvement projects. We believe that our school facilitates the creation of lifelong community contributors and well-rounded individuals.

"My daughter is in Kindergarten this year and I couldn't be happier with her education... Not only is she incredibly prepared for first grade, she loves telling family and neighbors about being a disciple and doing Jesus' work."

Enrollment

Saint Sebastian School has approximately 300 students in the school ranging from Pre K-8th grade, providing long-term stability while keeping class sizes small. Saint Sebastian School accepts all students regardless of race, religion, or ethnic background if they meet the school's educational requirements and there is space available.

Tuition and Financial Aid

Tuition at Saint Sebastian School is among the lowest in the Diocese of Greensburg for the 2009-2010 school year. With 88% of families applying for and receiving financial aid, we are an economically viable option for your child's education. Receiving funding from neighboring parishes, from generous donors through the EITC program, and local opportunities, such as our SCRIPS program, we aim to provide a high-quality, affordable Catholic education to all.

"I am extremely pleased with my son's education from St. Sebastian School, which he attended for 11 years from Preschool through grade 8. He is currently a freshman at Belle Vernon Area High School. He is taking the accelerated courses and achieving high-highest honors. I feel his years of learning at St. Sebastian have prepared him to be successful in high school."
